To enable scholarship holders to learn German in preparation for their stay in the country, DAAD offers the following services:

- Payment of course fees for the online language course "Deutsch-Uni Online (DUO)" ([deutsch-uni.com](http://www.deutsch-uni.com) [<http://www.deutsch-uni.com>]) for six months after receipt of the Scholarship Award Letter
- if necessary: Language course (2, 4 or 6 months) before the start of the study visit; the DAAD decides whether to fund participation and for how long depending on German language skills and project. Participation in a language course is compulsory if the language of instruction or working language is German at the German host institution.
- Allowance for a personally chosen German language course during the scholarship period
- Reimbursement of the fees for the TestDaF test which has either been taken in the home country after receipt of the Scholarship Award Letter or in Germany before the end of the funding period
- As an alternative to the TestDaF for scholarship holders who have taken a language course beforehand: the fee for a DSH examination taken during the scholarship period may be reimbursed.

Selection

A special DAAD committee made up of professors from German universities makes the final decision about scholarships in the field of the Performing Arts. The decision is based upon written applications and work samples which have to be submitted (see: www.daad.de/extrainfo [<http://www.daad.de/extrainfo>]).

Further information

Confirmation of a scholarship does not automatically guarantee admission to one of the universities. The individual university decides whether or not to offer scholarship holders a place. In most cases, applicants are required to take an entrance examination. Please find out in time about admission requirements and application deadlines and interview dates at your chosen university, and bear in mind that these may be several months before the planned start of your studies or even before the DAAD awards the scholarship. We cannot cover the costs of the entrance examination. If an applicant is offered a scholarship by the DAAD but fails to be admitted to a university, he/she may not make use of the scholarship that has already been awarded.

Application requirements

What requirements must be met?

- As a rule, applicants should have taken their final examinations no longer than six years before the application deadline.
- Applicants who have been resident in Germany for longer than 15 months at the application deadline cannot be considered.
- If the scholarship holder is enrolled in a Master's or postgraduate degree programme which includes a study period abroad, funding for this period abroad is usually only possible under the following conditions:
 - The study visit is essential for achievement of the scholarship objective.
 - The study period is no longer than a quarter of the scholarship period. Longer periods cannot be funded, even partially.
 - The study period does not take place in the home country.

Language skills

Applicants from the fields of Drama and Direction should have a good to excellent knowledge of German, applicants from the fields of Musicals, Performance Studies, Dance and Choreography require at least a basic knowledge of German and a good knowledge of English.

The application procedure occurs online through the DAAD portal. You are also required to send additional documents by post to the specified application address.

Please note that the access to the application portal only appears while the current application period is running. After the application deadline has expired, the portal for this programme is not available until the next application period.
